Print Instructions

Print on both sides of 8.5" x 11" letter-size paper. Fit to page size or print actual size. Follow the instructions provided by your printer to flip the paper on the long edge. Then, cut out the recipe card along the edges to add to a keyring for easy reference. For best results, print in full color on thicker cardstock paper.

Vegetative Centerpiece

Designed by: All Occasions Events & Floral - Ludington, MI
