Cascading Position

Gala® Bouquet Holder

ITEM NO.	CASE PACK	DESCRIPTION
RSFA00094S6/6	6	3.25 x 6.9" Gala Bouquet Holder w/ Artesia WetFōM, 6 pc

2-in-1 Versatile Arranger

- Generous design ports**
 Create dynamic designs with 360 degrees of design area.
- Two head positions**
 The tilt-able head allows for traditional or cascading bouquet designs.
- Easy-grip handle**
 Handle keeps even large bouquet designs well-balanced.

Fill a clean sink or container with water. The sink or container should be large enough so the bouquet holder floats freely inside. Place bouquet holder on top of the water. Allow FōM to absorb water and sink naturally (1-2 minutes). Never force the FōM under the water as it will create air pockets inside the FōM.
